Press Information

Royal Ocean Racing Club sails with Leeming Pilkington

The catering contract at the St James' base of the Sailing/Yacht Club has been awarded to specialist catering firm Leeming Pilkington, an independent company following a competitive tendering exercise. The contract covers all food and beverage, reception and housekeeping operations.

Peter Wykenham–Martin, General Manager of RORC commented: “After a number of years with the Compass Group, it was felt that a smaller company would be better suited to meet the needs of the Club. An advantage of Leeming Pilkington is greater flexibility in suppliers and our Chef is already enjoying the freedom to create new menus. We look forward to a close working partnership with our new contractor”

Chris Pilkington, Director of Leeming Pilkington is delighted with the contract gain: “I am no stranger to the Club, having worked with the previous contractor so I am particularly pleased to now be directly involved with this unique Club in maximising sales growth”

The Royal Ocean Racing Club is a principal organiser of offshore yacht races in the UK, including the Fastnet race. RORC was founded in 1925 to encourage long distance yacht racing and the design, building and navigation of sailing vessels in which speed and sea worthiness are combined.
